

SUMMARY

- **Overall 15+ Years of experience** is developing, implementing, and managing Robotics Process Automation and .NET applications
- 8+ Years of experience in developing, implementing, and managing RPA projects using **UiPath, Automation Anywhere** and **Python Scripting** and 7 Years of experience in Microsoft .Net Technologies by using **C#, ASP.NET**, MVC4.0, VB6.0, ASP, HTML
- Automated 150+ Processes for client – NOMURA, AON, First Advantage, Tele2, HDFC Bank, World Link, Citi Bank, Trustmark and others in Web, Windows, CITRIX, SAP, and Mainframe environment.
- Expertise in **Project Management**, Agile methodology, **Scrum Master**, **Sprint**, Project Planning, and **Solution Architect**

EDUCATION

- Master of Science (Computer Science) from Barkatullah University Bhopal, MP
- Bachelor of Science (Mathematics) from Vikram University Ujjain, MP

SKILLS

- **Operating System:** Windows (95, 98, 2000, XP, 7, 10, 11), 2012 Server, UNIX
- **Programming:** C#, ASP.NET, Window and Web Services, MVC4.0, WPF, WCF, VB6.0
- **Tools:** Java-script, XML, jQuery, AJAX Toolkit Control, SSRS, SSIS, UNIX Shell Scripting, **UiPath, Automation Anywhere, Python scripting**, MS-Office, MS Visio, TFS,
- **Databases:** SQL Server, Oracle8.0, MS Access

EXPERIENCE

ORGANIZATION	DURATION	DESIGNATION
Capgemini India Pvt. Ltd.	02/2017 – Till Date	Solution Architect/ Technical Project Manager
Hexaware Technologies Ltd.	12/2015 – 01/2017	Senior Technical Lead
KPIT Technologies Ltd.	11/2010 – 12/2015	Technical Lead
Maharashtra Knowledge Corporation Ltd.	06/2007 – 09/2010	Project Associate

PROJECTS

Project - I	RPA - Investment Banking, Aerospace, Telecommunication, Pharmacy, and Manufacturing
Description	Automation of 60+ processes (Excel, PDF and Text automation, web and windows automation, Citrix, Mainframe and SAP automation)
Role & Responsibility	<ul style="list-style-type: none">• Managing different automation project for multiple industry based on RPA, .NET Technologies, and Python Scripting• Handling the different teams for issues, conflicts, and concerns

	<ul style="list-style-type: none"> Organizing scrum meeting with sprint and providing MOM, issues, and status report to business stakeholders Identifying business problem and design a solution to convey deliverable timeline, risk assessments, and technology solution to business stakeholders Involved in COE setup, project planning, scrum, solution design, code review, documentation, release management and post deployment support for different client to support a team of 30+ resources
Technology	UIPath RPA tools, C#, VB.NET, SQL Server, Python scripting

Project - II	RPA - First Advantage (FADV), Trustmark Healthcare – YT and PAN, Tele2, HDFC BANK, CITI BANK, AON
Description	Automation of 100+ Processes for various clients. There are multiple projects on different technologies under RPA implementation which includes web, windows, Citrix, SAP, and Mainframe implementation
Role & Responsibility	<ul style="list-style-type: none"> Involved in Project Assessment, Proposal, Planning, Resource Allocation, and Team Management, Provided Estimation, Requirement Gathering, and done Feasibility Analysis, Cost & Benefit Analysis Worked as a senior team leader for 25+ resources (Provided training, technical solution, and documentation) Design & Developed the Use cases, Deployment, and maintenance of Bots
Technology	UIPath, Blue Prism, Automation Anywhere and Work Fusion, C#, VB.NET, SQL Server, SSRS, Window and web Services, jQuery

Project - III	BPCL (LPG Linking) with Report Automation
Description	There are multiple projects working for Digital India, OMC needs to provide options for consumers to get SV through online options thus reducing the visits to distributorships, provide refill, memo and receipt online
Role & Responsibility	Requirement Gathering, Analysis, Design & Develop the Use cases. Team Management
Technology	ASP.NET, C#, MVC 4.0, SQL Server 2012, SSRS, SSIS, Window services, jQuery and Entity Framework

Project - IV	HRMS Services - GlaxoSmithKline (GSK) UK
Description	HRMS, a web-based application serves for HR related services of GSK. This application includes customer login authentication, daily work summary submission, leave apply facility, customer profile and many more

Role & Responsibility	Analysis, Design & Develop the Use cases, Provide support to Application & communication with client, Stored Procedures, functions, tables and views creation
Technology	MVC 4.0, C#, AJAX, SQL Server 2008, jQuery and Entity Framework

Project - V	CMS & CIS Application - First Quality USA
Description	CMS and CIS Applications are used to maintain different types of jobs required to process various sales and financial reports of First Quality. The system integrates with Excel Automation to provide the various reports on daily basis. There is also need to provide SQL Scripts for some bulk sales report
Role & Responsibility	Requirement Gathering, Analysis, Design & Develop of the Use cases, Team Management, Task allocation & client communication
Technology	VB6, SQL Server 2008, Excel Automation & Reports

Project - VI	Digital University – Common framework for all the University
Description	Digital University is a framework which includes online education system for various Universities and their affiliated college. It contains all the features from online form submission by the student to result generation by the Universities as well as online courses, messaging system, user account creation, result declaration and revaluation process
Role & Responsibility	Performing the LEAD Role, Analysis, Design & Develop module, Stored Procedures, functions, tables and views creation, create estimation Sheet, Query Log, Change Log and deployment
Technology	ASP.NET 3.0, C# 3.0, ADO.NET 2.0, AJAX, XML, SQL Server

CERTIFICATION AND ACHIEVEMENTS

- UIPath Basic, Advance and Orchestrator Certification
- Certified Automation Analyst and Connected Manager
- Advance Diploma in Computer Hardware and Networking
- Xtramile Award (ER&D) 2022 - Capgemini India Pvt. Ltd.
- Project Star 2019 - Capgemini India Pvt. Ltd.
- Outstanding Contribution in Delivery 2018 - Capgemini India Pvt. Ltd.
- Above and Beyond 2017 - Hexaware Technologies Ltd.
