

ASHIQUEA ALAM

SUMMARY

Software Developer ,team worker ,quick learner with 2.10 years of experience in Automotive domain ,telecom industry, hospital domain in C, C++ ,linux ,unix ,GIT , programming language Specialised in application designing, developing , testing and debugging .Adept at identifying opportunities to enhance the technique of implementing and develop new features to improve software.

EXPERIENCE

Software Developer, 07/2022 - Current
KPIT Technologies Limited - Bangalore

- **Project Description:- Automotive Adaptive platform for PHM**
(Platform health management)application PHM is the middle ware application which provide the sefty and critical situation related information for the recovery action for passenger and vehicle sefty. in adaptive automotive domain .
- **Roles and Responsibility:-** responsible for designing and developing the code for the PHM sefty related .debugging code and implementing new technique to improve critical situation responds, giving team support on the module related issue debugging . team support in project release .
- Wrote and developed new and well-tested code for different software projects.
- Troubleshoot and debugged software to check and rectify discrepancies.
- Worked with developers to construct algorithms and flowcharts.
- Streamlined interfaces between hardware and software to enhance usability.
- Integrated server reports for optimum performance tracking and data management.
- **Programming Language and Compiler:** - c, c++ linux ,Visual Studio Code ,GIT

Software Developer, 04/2021 - 12/2021

Amdocs Development centre India pvt ltd - bangalore

- Ensamble (Sprint) project on us telecom service provider.
- **Project description:-** provide service to sprint ,us telecom service provider, sprint provide wireless communication services including data ,voice and messages for prepaid and postpaid customer and also also provide Electronic Devices.
- **Role:-** Design and Development of the CR For the customer from Sprint ,PIB Investigating , code writing and testing .

CONTACT

Address: bangalore, 560059

Phone: 6207360378
