

# ABHILASHA U

## Android developer

☎ +91 - 8431164919

✉ abhilashamys@gmail.com

📍 Bengaluru, KA, 560073

Android developer with 6+ years of experience designing, developing, testing and maintaining android applications. Built core features for app with new technologies to maximize development efficiency and produce innovative applications.

## EXPERIENCE

### Bimbo

🕒 Sep2021- Jan2023 📍

Ivy Mobility Solutions Pvt Ltd, Bengaluru

- ❑ Design and developed an end to end Android application based on Java and Kotlin.
- ❑ Used Material design for application designing and designed app for different screen sizes.

### Networked

🕒 Dec2019 - Sep2021 📍

Networked.co, Bengaluru

- ❑ Conceptualize, develop and test native Android applications, including UI, core functionality and third-party.
- ❑ Learn designing of custom view as for requirement. Implemented app with new features like view binding, view model, Live data, room data base etc... This project completely developed using kotlin, room database using MVVM architecture design pattern
- ❑ I love debugging because new error makes application error free and great user experience...
- ❑ Deployment on Google Play Store.

### E-HR

🕒 Oct2018 - Dec2019 📍

eMpulse Research & Data Analytics Pvt Ltd, Mysuru

- ❑ Design and developed an end to end Android application based on Java and Kotlin.
- ❑ Bug fixing, and improving application performance.

### ValueYourIdea

🕒 Nov2015 - Oct2018 📍

Technovations Software Pvt Ltd, Mysuru

- ❑ Designing and developing advanced application for android platform and written in Java.
- ❑ Unit testing code for robustness, usability.

## SKILLS

Android Studio Android development

Java Kotlin Retrofit MySQL MVVM

Room View model Live data SDLC

OOP's SVN JIRA OkHttp Multithreading

JSON GSON Glide GitHub RESTful API

Crashlytics Basics of ( Coroutines )

## EDUCATION

- B.E ( IT ) GSSS Institute of Engineering & Technology for Women - Percentage - 68% - 2013
- Diploma ( EC ) D Banumaiah Polytechnic - Percentage - 65% 2010
- SSLC St Mary's High School Percentage - 84% - 2006

## INTERESTS

- Learning new technologies for better future.
- Listening to old songs, watch old movies.

Thank you,
